

## **CHEER**

The HU cheer team made history on Saturday by competing for the first time in program history at CCA Christian Cheer Nationals in Fayetteville, N.C. where they finished second in the All-Girl Limited Division.

The Foresters competed against two strong cheer programs in Ferrum College (NCAA D3) and Averett University (NCAA D3). Their first performance went smoothly hitting zero deductions and getting a score of 81.1 out of 100.

Coach Shawna Esque was thrilled with her team's performance. "The girls came out with a lot of energy and looked like they had been doing this for years!"

While the second performance saw HU receive a score of 80.3 due to a pyramid fall deduction, they scored higher in the tumbling category and overall spirit because of their energy and team members spicing things up.

"These girls have fought hard this season," said Esque. "With this being the first time most have even been on a spring floor; I am so proud of them. All of their hard work and dedication has paid off.

"I am thankful for the opportunity to have taken these ladies down to this competition. I thank God for blessing us with safety during the competition and travel. We are looking forward to what God has planned for this team as we start competing more in the 2023-2024 season!"

The seventh grade B team finished their season by winning the Big 11 tournament on Saturday.

The first team up was John Young. After a slow start the Lady Raiders rolled to a 43 to 9 victory to advance to the championship game. Maya Nelson lead all scores with 14 points. She was followed by Nicole Miller and Alexis Cassell with 8 each. Hayden Miller and Alexis Cassell had 6 steals each. Kendall Hall lead the team in rebounds with 5.

Next up was Northwood. The Raiders rolled over them with a 51 to 6 win. Once again leading the Lady's in scoring was Maya Nelson with 18 points. She was followed by Kendall Hall with 10. Amery Rost set the defense in the post with a nonstopable "I got this attitude." This was the best TEAM effort all year. We scored 23 baskets out of 45 shots, 10 assists, 13 rebounds, 26 steals, 16 tips/defects and 3 blocks. What fun it has been to watch this group of girls grow in skills and end their 7th grade season in dominating fashion. They end their season 14 - 3 - 1 over all and 10 - 0 in Big 11 conference play. Thank you to the seventh grade varsity team that showed up to support us. A big thank you from Coach Rogers for a wonerful season and making Raider nation proud. Good luck from all of us to the 7th grade varsity as they start their run in their tournament tonight at home.
